## ***Installation Instructions***

### **Spare Tire Cover**

Universal Fitment (27" - 37" Tire)

7729xx, 7732xx, 7735xx, 7736xx

Note: Please read instructions entirely first. The cover will become wrinkle free after spending time in the sun/heat to "relax" the material.

Parts Included	Qty
Tire Cover	1

Tools Required
None

**Step 1:** Remove cover from box and loosely put over the tire. The pull string typically goes on the bottom on most applications. (Fig A)

**Step 2:** Pull tire cover around and over edge of tire. (Fig B)

**Step 3:** Once it is the optimal position pull string cord tight so cover fits snug around the tire. Slide quick release as far as you can towards the tire. (Fig C) Tie excess string cord out of the way. Installation is now complete. (Fig D)

(Fig A)

(Fig B)

(Fig C)

(Fig D)
